A Message from Our Chair

Chamber Members,

If you are reading this, THANK YOU!

One of the things the Chamber struggles with most is getting member participation. We have 300+ members and 1.75 staff, so we can't possibly directly contact each of you each month, as much as we'd love that. An effective Chamber of Commerce needs communication to be a two-way street. So thank you for being engaged.

I am very excited about Small Business Saturday this year. Our community's focus on small business since March has been heartwarming. Businesses have done a great job of balancing welcoming the community while keeping the community and their staff safe. I encourage you to keep thinking outside of the box and coming up with creative solutions as we get into the holiday season.

Small Business Saturday can be a home run for us. We've specifically planned it for before Black Friday this year to better align with open houses many businesses already host and to help capitalize on sales before people hit the big box stores or the dreaded Amazon. We're also cognizant of many small businesses wanting the Saturday after Thanksgiving for family time. There is still time to participate at whatever level you feel comfortable – an open house, simply being open, an online event or getting online ordering up and running for example. Let us know what you're doing and we'll promote it!

Stay well,
Cheyenne Steria
Chair, Lewis County Chamber of Commerce

HARRISVILLE SIGN IN DIANA

Before the mural installation with the frame already in place.

The mural has it's being installed by Herb Frost.

Have you seen anything new in the Town of Diana? It might have been the beautiful display installed on November 6th on the side of the Harrisville Free Library.

We think it looks great, and hope you do too! The installation was hung this Friday thanks to the hard work of Herb Frost of Arborcare. The display was designed by Rachel Grunert and paid for by Adirondacks Tug Hill and the Lewis County Chamber of Commerce in an effort to highlight the beauty of the northern region of Lewis County. The design of the mural incorporates symbols and points of interests from the area itself - including the school mascot, and beautiful sights you're almost guaranteed to see while there and chosen by local community members who want to be sure that Harrisville is always remembered.

The project has been in the works with the Lewis County Commerce since last year but has been delayed in part due to COVID-19 and in the last month due to scheduling and mother nature.

Don't miss out - Go snap a photo of it and spread the news. Share your pictures and be sure to tag it with #adirondackstughill and #naturallylewis and #harrisvillepirates

Shop. Eat. Enjoy.

COVID-19 Information

We are very much looking forward to Small Business Saturday & hope that it is a wonderful day for both businesses & shoppers - but we realize that 2020 is a little different than any previous years because of COVID-19.

Therefore though we & these locations do plan on being open - things are subject to change based on concerns over COVID-19. If anything changes we will update you accordingly & share this information on our Facebook Event page & our weekly eMemos.

Please remember to follow all COVID guidelines when visiting businesses.
