

# OTTER CREEK TRAILS

While primarily used for horseback riding in the warmer seasons, the Otter Creek Horse Trails offer expansive cross-country skiing and snowshoeing opportunities in the winter months. The trail system uses a series of old, sandy roads and woods trails to traverse a beautiful diverse area with the trails winding their way along spirea flats and wooded areas, accessing picturesque Adirondack ponds and following or crossing Otter, Little Otter, Beaver Meadow, Chase, Burnt and Crooked Creeks and the Independence River.

**NOTE:** Winter parking is available at the entrance to the Assembly Area on Chases Lake Road. Trails west of the Assembly Area are recommended as snowshoe only as they have some steep hills. East of the Assembly Area is relatively flat to rolling so would be good for either. The Confusion Flats Road is a designated snowmobile trail, so use caution.
