Hospital Foundation Holds Virtual Gala

Due to the COVID-19 Pandemic, the Lewis County Hospital Foundation's signature fundraising event, the Gala, will be held virtually again this year. The Virtual Gala will be held from Monday, April 5 –Saturday, April 17 and will include a rolling silent auction, buy it now items and a "Facebook Live" on the final day of the event.

You can participate in the Lewis County Hospital Foundation's Virtual Gala from the comfort of your home and help us raise funds for the Lewis County Health System! You can register now to donate an item for the auction, make an on-line donation or become a "Fundraising Champion" and have your own fundraising page to raise money for the Health System from friends, family and co-workers. The auction will open on Monday, April 5th. You can register for the Virtual Gala on our virtual platform at <https://LCHFVirtualGala.givesmart.com>

Even though we are experiencing unprecedented times, and we can't be together for an in-person gala, supporting the Hospital Foundation's Virtual Gala is more important than ever this year as the Lewis County Health System continues to respond to the current healthcare crisis.
